The Mystery Lily (LYCORIS)

One of the most unusual and most beautiful of flowers. In early August the flower stems appear, grow rapidly to a height of 2 or 3 feet and burst into a lovely cluster of opalescent pink blossoms. Perfectly hardy.

Bulb Farm, LI, N.Y.

flowerfield GIANT HYBRID AMARYLLIS

TRY SOME OUTDOORS FOR AN UNUSUAL EFFECT

There are few bulbs that give the amateur gardener more for his time and money than the amaryllis. This is the finest race of amaryllis in cultivation, and has excellent form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding from the top of the soil. Whether indoors or outdoors, shade the freshly planted bulbs for some weeks until the roots are well established. This will assure larger flowers on taller stems.

Jumbo Bulbs	**White with Faint Markings**	Each $1.50
	Crimson-Pink	Each $1.25
	Vividly Striped	Each $1.25
Mixed Colors		Each 75c Doz. $7.50

THE NEW CANNAS — flamboyant beauties

A PARTICULAR SPECIALTY AT FLOWERFIELD

Today the newer cannas, lower growing and bearing brilliant flowers, are being used more and more by smart gardeners. A pink canna and pink geranium border is at once a novelty and a delight for your garden. Long prized as a foliage plant, cannas are now being grown more for their excellently colored flowers. They bloom for a longer period, and make a finer display than any other large flowering plant we know. Another great advantage of the canna is its sturdiness. They are strong enough to hold their own with shrubs and are often interplanted in shrub borders or groupings with beautiful effect.

CANNA COLLECTION

Hungaria — **The President**
Richard Wallace — **Wyoming**

8 Cannas Two of Each **$1.75**

NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil where they should be planted three to four inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They then may be dug and stored for the winter.

Our canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

City of Portland — Each 25c, Doz. $2.50
One of the new pink cannas with green foliage. Of medium height, City of Portland with its deep rich silvery pink flowers is an excellent plant for garden use.

Eureka — Each 35c, Doz. $3.50
The finest white variety of canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adapted to bedding use.

Halli — Each 25c, Doz. $2.50
This variety is one of the lowest growing of cannas, seldom exceeding 3 feet. The flower head is a delicate shade of pink on top of the bright green foliage.

Hungaria — Each 25c, Doz. $2.50
Probably the best known of the rosy pink shade in cannas. This is a low-growing variety and combines beautifully with pink geraniums.

King Humbert — Each 20c, Doz. $2.00
One of the standards of performance by which other Cannas are judged, King Humbert has brilliant orange-scarlet flowers with bright markings. The foliage is a shimmering coppery bronze shade. Very effective against a background of evergreens. An orchid-flowering type.

King Midas — Each 25c, Doz. $2.50
A pure rich yellow flower mounted on vivid green foliage. Grows to 4 feet, and forms a lovely contrast in the garden.

Louis Cayeux — Each 35c, Doz. $3.50
A fine new Canna that has caused much favorable comment wherever seen. The flower heads are a beautiful shade of rose-pink, and surmount soft light green foliage. A very effective plant.

Madame Crozy — Each 35c, Doz. $3.50
A most unusual Canna, quite low growing, and with a flower of bright scarlet, neatly edged with a ¼-inch band of bright yellow. Not a good variety for mass effects, but excellent as an unusual type for border.

Richard Wallace — Each 25c, Doz. $2.50
Canary-yellow flowers on bright green foliage 3½ feet tall. This variety is even more prolific than others.

The Ambassador — Each 30c, Doz. $3.00
A beautiful rich cherry-red flower combined with deep bronze foliage. This is an excellent variety of medium height.

The President — Each 30c, Doz. $3.00
The outstanding Canna. It has immense trusses of fiery red flowers, produced in great profusion. The foliage is very bright green, contrasting sharply with the brilliant flower heads, making a most impressive display; of medium height.

Wintzer's Colossal — Each 20c, Doz. $2.00
One of the orchid-flowering Cannas. Four feet in height with vivid scarlet flowers over dark green foliage.

Wyoming — Each 20c, Doz. $2.00
The tallest Canna, Wyoming has orange-colored blooms, and purple-bronze foliage. Orchid-flowering type.

Yellow King Humbert — Each 20c, Doz. $2.00
The companion to Red King Humbert, an identical match except in color. The flowers are yellow, spotted red, and the foliage is dark green. Orchid-flowering.

Mixed Cannas — Three 55c, Doz. $1.95
A fine mixture, well balanced for color.

FLOWERFIELD GLADIOLUS

UNUSUAL and DISTINCTIVE VARIETIES for CONNOISSEURS and EXHIBITORS

CORONA

Corona Three 75c, Doz. $2.50
Soft blush-white petals with a lovely pink picotee edge—one of the loveliest gladiolus yet hybridized. The growth characteristics of Corona are beyond reproach. Excellent as a cut flower, even when cut in bud.

Margaret Beaton Three 55c, Doz. $2.00
One of the best new varieties that has appeared on the market in recent years. The color, as illustrated, is a startling contrast of red and white, and it and Leading Lady are the most talked of new gladiolus of the past few years. Particularly lovely for use in indoor bouquets, where its brightness livens any room.

Greta Garbo Three 95c, Doz. $3.50
The buds and the first opened florets are a very light cream-pink, the flower rapidly becoming rosy white after the florets open to their full size, often six inches across. Greta Garbo averages probably more florets to the spike than any other variety grown, and this flower spike is carried well above the ground on a tall, very strong stalk.

Algonquin Three 50c, Doz. $1.75
A brilliant light scarlet gladiolus distinguished by very large florets and exceedingly long formal heads, often having 8 or 9 florets open at once, staggered closely up a flower head that reaches 30 inches long, topping a spike with a height of as much as 5 feet. It is one of the finest new bright reds.

Barcarolle Three 50c, Doz. $1.75
This is undoubtedly one of the most beautiful orange gladiolus ever hybridized. The florets are finely ruffled, adding to the value of this most excellent flower. The color is a clear grenadine orange, and falls in a color class that has so long been lacking proper representation in the gladiolus family.

Leading Lady Each $1.00, Doz. $10.00
Exhibited first in 1944, this pure white sport of Picardy was outstanding in every gladiolus show entered. All the beauty of form, all the sturdy qualities, all the lasting qualities of Picardy, but a fine white in color. A "must" for exhibitors.

Regent Three 50c, Doz. $1.75
A brilliant light red gladiolus, excellent in form, unvarying in its fine performance. Regent has the so-desired quality of being all one shade. The throat and the edge are alike in coloring. Excellent habit, and all florets open well, even on spikes cut in tight bud.

Collector's Mixture

An unrivaled assortment of the very finest gladiolus, garnered from the above list and from new named varieties of which we have too few to list. We guarantee the utmost satisfaction with this mixture, whether for garden show, table decoration, or general garden beauty.

Dozen $1.75

MARGARET BEATON

GRETA GARBO

flowerfield

EACH ONE IS THE FINEST MEDIUM-PRICED

AVE MARIA Doz. $1.50
The lovely soft blue florets have a deep red-purple throat and a most graceful form. The color and substance are such that this is one of the best of the light blue varieties of gladiolus. It is an ideal cut flower and equally good in the garden.

BAGDAD Doz. $1.25
One of the most outstanding gladiolus in the "smoky" class. The perfectly huge flowers flare wide open, almost crowding each other on the stiff tall stem. The color is difficult to describe, but is well shown by the picture below. A strong sturdy grower, Bagdad has one of the strongest stalks of all gladiolus. It is ideal as a cut flower, or in the garden, where it grows sturdily without staking.

BEACON Doz. $1.50
A new variety that is a scion of the healthy Picardy strain. Beacon has many of the same growing traits as Picardy, which is perhaps as good a recommendation as can be made of any gladiolus, the spikes being very tall and carrying many large florets open at a time. Beacon is a most sturdy gladiolus with a striking color scheme, as illustrated.

MAID OF ORLEANS Doz. $1.50
This is a fine all-around white, particularly adapted to cut flower purposes. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. This variety is long lasting when cut, making it ideal for arrangements.

MINUET Doz. $1.35
The standard orchid-pink gladiolus so well known as a cut flower at your local florist. As many as 8 florets are open at once, almost crowding each other on the long, stiff, straight spikes. An ideal cut flower, lasting a long time after cutting.

MYRNA Doz. $2.00
In spite of their huge size, the florets of this most beautiful flower are gracefully placed on a strong stalk that is tall and erect, glistening white with just a faint suggestion of cream deepening in the throat, where it assumes an almost greenish cast. Myrna is one of the best new gladiolus and has won many prizes on the exhibition tables as the finest new white.

"Garden Champions" GLADIOLUS

VARIETY IN ITS COLOR RANGE

PEGGY LOU Doz. $1.50
A lovely deep pink glad of almost perfect form and substance. The florets are large and of fine texture, standing up well as a cut flower. Above all, Peggy Lou is sturdy, with a tall, thick, strong spike to hold its long flower head firmly.

PICARDY Doz. $1.50
Unless and until some of the newer gladiolus are as popular and as worthy, Picardy is and will be **the** gladiolus. Almost too well known to describe, Picardy is a lovely pink flower shown below and is to be seen wherever gladiolus are exhibited, be it at the Flower Show or at the Flower Shop. Grown from our huge and healthy bulbs we know that you can have the finest gladiolus in your garden when you grow Picardy. A superb variety whose spike is always straight, erect, and carries many florets open at a time.

REWI FALLU Doz. $1.75
Huge and red, this gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds known, an ideal variety for garden or cut flower use. Even the very topmost bud opens into a flower of very large size. There is nothing finer in the darker red class.

ROCKET Doz. $1.50
A most vivid scarlet of fine proportions. The large florets are perfectly placed on its excellent spike. It is probably the best scarlet of all, certainly the best in its price class. Not the least of its many advantages is that from 7 to 8 florets open at once, giving a wonderful splash of color in the garden.

VAGABOND PRINCE Doz. $1.50
One of the most striking gladiolus for cut flower arrangements that has yet been hybridized. Vagabond Prince is a deep mahogany-colored flower, livened by a garnet shield in the throat, and across the lower petals. The substance is similar to that of Picardy, having the stiffness of that most worth-while variety. The spikes are strong, sturdy, and straight, carrying many florets open at a time. Vagabond Prince is an ideal color for indoor cut flowers for it blends into surroundings where no other color will serve.

WANDA Doz. $1.50
Wanda was found in a field of Picardy—a sport of that sturdiest of all gladiolus. Its color, a lovely cream-yellow, is one of the most useful and beautiful in the garden or the cut flower bowl. Wanda is doubly welcome, since there have been, until Wanda, no satisfactory large-flowered yellow gladiolus. We honestly believe that Wanda is one of the finest gladiolus ever introduced.

Flowerfield Special Mixture

This is a "hand made" mixture, one which is sure to please as we have taken especial care to see that you have a wide range of color. These bulbs are not mixed until they are ready to be packed and therefore the percentage of each color is exact.

50 Bulbs $4.95

REGALE LILY

Regale Lilies

Well known as the Regal or Royal Lily, there is no Lily that distils a more beautiful or more penetrating perfume. A single stalk of this lovely flower will pervade the entire room if allowed to stay there but a few hours. The tall stalks, 4 to 5 feet high, are topped by beautiful trumpet-like flowers that are pure white inside and tinged with rose outside, increasing the splendor of their garden effect. Of all the Lilies, the Regale is perhaps the most satisfactory for garden use here in America. It grows sturdily, prolifically, and beautifully. The Regale Lily is very floriferous, a single established bulb bearing as many as 20 flowers during the season. Like all the other stem-rooting Lilies, Regale should be planted deep, allowing at least 3½ times the diameter to cover the bulb. Also in common with other Lilies, it demands drainage, yet must have moisture, too. A handful of sharp sand or gravel underneath the bulb will satisfy this small requirement. And the results will indeed reward you for the trouble taken.

7-8 inches, Each 50c, Doz. $5.00
9-11 inches, Each 85c, Doz. $8.50

Centifolium Hybrid Lilies

Similar to their parent, the Regale lily, these new hybrids even surpass their lustrous forebear. The flowers are immense white trumpets borne on stems rising 5 to 6 feet in height, delightfully fragrant and superbly showy. While all are white inside, the external coloring varies from emerald green through tints of pink to brownish purple, each and every one worth growing. Their flowering period is late July and August, after the Regales have passed. They are hardy and of the same general culture as the Regales.

Each 75c, Doz. $7.50

Auratum Lilies

The regular species Auratum lilies are sold out until Fall, 1945.

AURATUM HYBRIDS

Each of these Auratum seedlings is finer by far than the species, many having brilliant red markings, some being almost purest white. These bulbs have been especially set aside from the regular Auratums because they are so much better than the type. Each one is an absolutely distinct individual of great beauty. Each $5.00

Sunset Lilies

(Pardalinum Giganteum)

This brilliant lily is of easiest culture, in fact, it's "fool-proof." It is vigorous, dependable, very hardy and multiplies readily, doing equally well in full sun or shade. Sunset lilies reach a height of five to six feet. Each stout stem is topped with a dozen or more beautiful flowers in July, combining magnificently with the Regales. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow, beautifully marked with amber-brown dots.

Each 50c, Doz. $5.00
Extra-large bulbs, Each 75c, Doz. $7.50

SUNSET LILY

CALLA ELLIOTTIANA

Calla Lilies

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your sunny border, your perennial garden, or in pots for indoor bloom. All grow well in moist soil, and will stand partial shade.

Yellow Calla Each 50c, Doz. $5.00
The best known and most widely used calla lily, and deservedly so, for the deep golden yellow flowers are truly magnificent. The foliage is spotted, and is a fine decoration for the garden indoors.

Pink Calla Each 85c, Doz. $8.50
The new improved pink calla, larger and lovelier than ever. The plants average 18 inches in height, and give forth several of these most beautiful flowers.

Calla Collection

3 Pink
3 Yellow

All 6 for $3.50

FLOWERFIELD BULB FOOD

Since 1874, Flowerfield has grown and sold the finest bulbs in America. This has been the result of much hard work and much research into the best methods of growing bulbs. You can imagine, then, that the food we use to grow our superlative bulbs MUST be a superior product. And it is, as our years of experience have shown.

Mixed with the soil in which bulbs are to be planted, Flowerfield Bulb Food will produce results that will truly amaze you. Not only does our Bulb Food feed your bulbs (and plants, too), it also acts as a soil conditioner, putting new life and vigor into your garden or potting soil.

Once you try it, you'll want to feed everything in your garden with Flowerfield's Bulb Food.

ISMENE CALATHINA

One of the stateliest and most impressive flowers that grow. The Ismene carries very large (4 to 5 inches across), snowy white, amaryllis-like flowers that are delightfully fragrant. The flower stems are 2 to 2½ feet tall, each one bearing 3 or 4 of its magnificent blooms. Altogether one of the loveliest and most unusual flowers that we offer.

Large Bulbs Each $1.00, Doz. $10.00

ISMENE CALATHINA

AMARCRINUM

AMARCRINUM

The finest new bulb hybrid to appear in recent years. Indeed, so worthy is this American creation that it won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. Not the least attractive of this amazing flower's attributes is its delicate scent, exactly like that of the famous Dutch hyacinth.

Monster Bulbs Each $3.50, Doz. $35.00
